## **SHOOT OUT COMPETITION**

### **Holes 8 and 9**

Each team will select their player that will Tee Off. All teams will advance to the tee shots, then begin alternating shots to the green. Once on the green the team furthest away will begin putting and will continue putting until holed out or Out of Hole. For example; if you are putting for a 6 and another team has just sunk a long putt for a 5 – you are considered “Out of the Hole”.

Teams with tied scores will move on to a Chip Off. It will be at the discretion of the Scorer to select the location of the Chip Off. The location will be, somewhere, around the Green. The Team closest to the pin will be that Flight's Winner. Each Flight will Chip from a different location to break ties. You will not be allowed to watch the opponent Chip. This will continue until there is a winner for each Flight.
